

Winterguard Performance Attire

Wearing the Uniform

The following must be observed for each performance:

- Tights must be worn under uniform
- Fingernails and Toenails must not have nail polish
- No visible piercings
- Hair and Make-up must be done as instructed
- Uniform must be clean
- Gloves must be worn

Storing the Uniform

Each uniform should be placed on a hanger. The uniform should never be stored in a garment bag at home. Storage area should provide ample space to prevent wrinkling and allow moisture to escape. Storage should be “easily accessible” and should be away from any excessive heat. If uniform gets wet, place in a well-ventilated area to allow it to dry naturally.

Caring for the Uniform

It is imperative that the students take care of the current uniform in order for them to last. Each student is expected to show pride in the Guard Uniform by wearing it properly and keeping it clean. When your uniform is issued, you are instructed on how to wear it properly. It is strongly recommended, that uniforms be cleaned at least once during the season. Students may be asked to have their uniform cleaned if the director feels it is necessary. Never alter the uniform yourself. The total cost of replacing a full uniform is approximately \$200.00. **When you turn your uniform in at the end of the school year, it must be turned in the way it was issued to you.**

Uniform needs to be hand washed and hung to dry. Cleaning may need to be done frequently during hot weather months. DO NOT hand press. Make sure you examine your uniform after each use for soiling and stains. Frequent uniform inspections will be performed to assure the above regulations are followed.
