The Look:

Step One: Preparation

Brush your hair with your hairbrush

- * Make sure that you have no knots/tangles
- * Using water is recommended

Step Two: Side Part

Split your hair to your left side with your comb

- * Use the end of the comb (the pointy part)
- * Make sure that your side part is straight
- * Grab the two hair sections with hair ties

Step Three: Gelling

1. Start adding gel to your hair to reduce flyaways/baby hairs from standing up
2. Using your comb again, part a small section of hair at the top of your head
 - a. This will be the beginning of your Dutch Braid

Step Four: Beginning

- * Split the section of hair into 3 equal parts
- * Remember! This is a Dutch Braid!!!

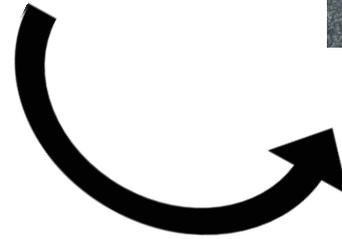

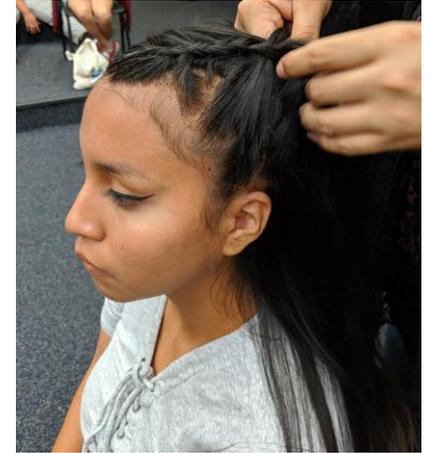

Step Five: Braiding 1

1. Cross the right strand under the middle strand
2. Then cross the left strand under the new middle strand
 - a. It is very important that you cross these 2 strands under instead of over, like in a standard braid

Step Six: Braiding 2

1. Add a thin section of hair from the left/bottom side before crossing it under the middle one
 - a. Eventually add from the right/top side
2. Remember! When braiding, you must go straight **DOWN** your head, **do not CURVE** the braid!

Step Seven: Braiding 3

Continue the Dutch Braid until you are a little past ear level

- * When you have reached this area, continue braiding the strand (you should no longer be grabbing hair from your head)

Step Eight: Wrapping Up

Grab this braided strand with a hair tie (mini ones)

Step Nine: Finishing

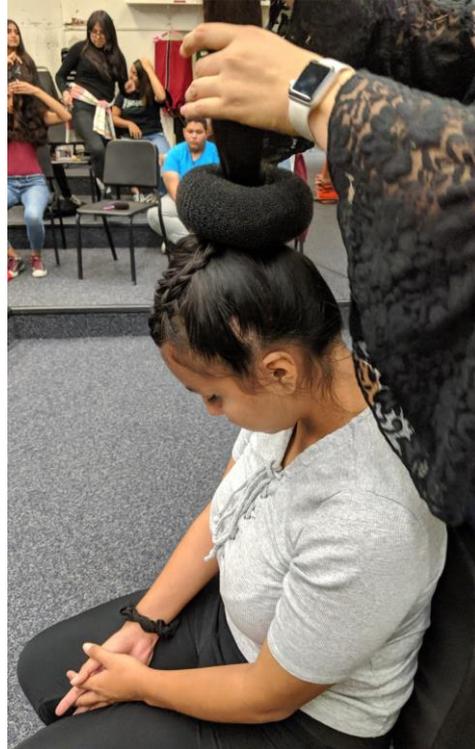

Grab your remaining hair at the crown (very top of your head)

- * Tie it with a hair tie (the big ones, not scrunchies though...)

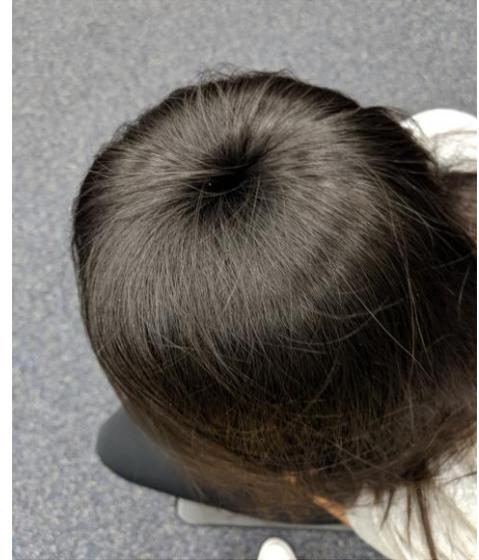

Step Ten: Sock Bun

1. Put on your sock bun through your ponytail
2. Even out your hair around the sock bun
 - a. Add gel

Step Eleven: The Bun 1

1. Carefully put on a hair tie around the sock bun
 - a. Make sure your hair does not “puff” out of the bun

Step Twelve: The Bun 2

Grab the hair that is sticking out under the hair tie and divide it into two sections

Step Thirteen: French Braid

1. Braid each section into a French Braid
 - a. Use the mini Hair Ties to grab each braid
 - b. Wrap around the bun
2. Use bobby pins to secure braid around the bun

Step Fourteen: Almost Done

- * Hairspray your entire head
- * Use gel too, if desired
 - A toothbrush can be used to really flatten down your hair

*Toothbrush is optional

Step Fifteen: Parade Ready!

Attach your red bow!
